GENERAL INFORMATION

The Spring Quarter of the West Tennessee State Teachers College, session of 1926-27, will open Monday, March 21, 1927, and continue for twelve weeks. It will be divided into two terms of six weeks each, the first term beginning March 21, and the second term April 28. The Summer Quarter will also cover twelve weeks and will be divided into two terms of six weeks each. The first term of the Summer Quarter will begin June 9, 1927, and the second term July 20th. The quarter will close August 27, 1927.

In the spring and summer quarters some courses will be given for six weeks and some for twelve weeks. Most courses will begin at the beginning of the quarter, but a few courses will be offered for the last six weeks. Students may register for the whole quarter, or for either term. Credit will not be given for less than six weeks' attendance. Students desiring credit for six weeks' work should register not later than the second day of the term, and full credit for a six weeks' term will not be allowed for later registration. To count credit made during a six weeks' term toward the renewal of a certificate, the student must register not later than the second day of the term; and to count a quarter's credit towards a certificate or renewal, registration must be completed on or before the fourth day of the quarter. Students desiring full credit for a quarter's work should register during the first week of the quarter.

The Spring and Summer Quarters are being divided into terms of six weeks each, in order to accommodate teachers desiring certificates or the renewal of certificates who may not be able to stay for the entire Spring or Summer Quarter. Students may make a full quarter's work by attending the last term of the Spring Quarter and the first term of the Summer Quarter. There will be a limited number of courses which may be taken in this way, and many teachers may be accommodated thereby.

Teachers are advised to start at the beginning of the quarter when possible and to continue for the full quarter. Where this is impracticable a full quarter's credit may be made by attendance at two six weeks' terms.

SPECIAL COURSES FOR TEACHERS IN SERVICE

In order to meet the needs of the teachers in service the College is offering a number of courses scheduled to meet Saturday morning and convenient afternoon hours. In all of these courses full College credit is given, and teachers in service have an opportunity of working towards a College degree while carrying on their regular work of instruction.

ENTRANCE REQUIREMENTS

For unconditional entrance to the freshman class, the applicant must be at least sixteen years of age and must be a graduate of a standard four-year high school accredited by the State Department of Education or by the Commission on Accredited Schools of the Southern Association of Colleges and Secondary Schools, with at least fifteen approved high school units.

Graduates of unaccredited schools doing four years of high school work may be admitted on certificate from their principal, provided they pass satisfactory examination on four units of high school work taken in their fourth year at the high school.

Teachers and prospective teachers, twenty-one years of age and over, who have not completed four years of high school work may be admitted as special students and allowed to take such courses as they are prepared for, provided that such special students must satisfy all entrance requirements to qualify for diploma or degree.

Such teachers will find many courses in the curricula offered adapted to their needs—courses dealing with common school branches and other phases of elementary education, as well as courses on special subjects beginning in the freshman year. The Summer Quarter will offer regular college courses, and also many courses bearing on elementary and high school work, with a wide variety of professional courses that will appeal to all teachers.

TEACHERS' CERTIFICATES

Under the law no person is allowed to teach in Tennessee who does not hold a certificate issued by the State Commissioner of Education.

Certificates are issued as follows:

1. A permanent professional certificate in administration is issued to the applicant for the position of County Superintendent who is a graduate of a State Teachers College and who has completed at least twenty-seven quarter hours in education, as prescribed by the State Board of Education, and has had twenty-four months of experience as teacher or supervisor.

2. A permanent professional certificate is issued to the applicant for a high school teaching position who is a graduate of a State Teachers College and who has completed at least twenty-seven quarter hours in education.

3. A permanent professional certificate is issued to the applicant for the position of school supervisor who is a graduate of a State Teachers College and who has completed at least twenty-seven quarter hours in education, including general and special methods, school supervision and administration, and has had at least twenty-four months of experience in actual school work, and is twenty-four years old.

4. A permanent professional certificate is issued to the applicant for the position of teacher in the elementary schools who has completed a two-year curriculum for elementary teachers in a State Teachers College, and has had at least eighteen quarter hours in education.

5. A professional certificate valid for a period of four years is issued to the applicant for the position of teacher in a two-year high school who has completed at least six quarters' work in a State Teachers College, and has had at least eighteen quarter hours in education.

6. A professional certificate, valid for a period of four years, is issued to the applicant for a position as teacher in an elementary school who has completed at least three quarters' work in a State Teachers College, and has had at least nine quarter hours in method and management of elementary schools.

Note:—Professional certificates of sections 5 and 6 may be renewed for four years on successful experience and the completion of one quarter's work of at least twelve quarter hours in a State Teachers College; provided, that the holder of such certificates shall have taught at least two years during the duration of his certificate.

7. A limited training certificate, valid for a period of one year in elementary schools, is issued to the applicant who is a graduate of an approved high school in this state and has completed one quarter's work, including three quarter hours in education, in a State Teachers College.

8. A limited training certificate, valid for one year in the elementary schools of the county in which the student graduated is issued to the applicant who is a graduate of a public or private four-year high school in this State approved by the State Department of Education, and who has completed one unit of professional work approved by the State Department of Education.

Certificates are also issued by examinations conducted at times and places designated by the State Department of Education.

CERTIFICATES OF EXAMINATION

Examination certificates, elementary and high school, are issued to applicants who make an average of 75 per cent on the required subjects and not less than 65 per cent on any subject. These certificates are valid for four years from July 1st of the year of their issuance, and may be renewed if the holders attend the Teachers College for a full quarter and make at least twelve quarter hours of credit, three of which must be in education.

State examinations for applicants for Tennessee teachers' certificates will be held at the West Tennessee State Teachers College, May 20 and 21 and July 15 and 16, 1927.

RENEWAL OF CERTIFICATES

Second grade certificates expiring this year, that is, two-year certificates issued under Chapter 40, Acts of 1913, and amendments thereto, may be renewed by attending the Teachers College for six weeks and completing satisfactorily at least three courses and making six quarter hours of credit, or the equivalent in high school units.

For the benefit of teachers holding such certificates who have not completed four years of high school work, the following courses of high school rank will be offered during the summer quarter: Third and fourth year English, American history, advanced algebra, plane geometry, high school arithmetic, beginners Latin, Caesar and Parker's Types of Elementary Teaching. These subjects will be given for five times a week during the summer quarter, and one-fourth unit of high school credit will be allowed for a six weeks' course, which will be counted as the equivalent of two quarter hours for the renewal of a second grade certificate; one-half unit will be allowed for a twelve weeks' course.

Applicants for renewal will not be confined to the above courses, but may take any three courses for which they are prepared, the courses taken to carry six quarter hours of credit.

Teachers applying for renewal of second grade certificates on six weeks' attendance must register not later than the second day of the six weeks' term.

One year elementary and limited training elementary certificates, expiring this year, may be renewed by attending the Teachers College for one quarter and the satisfactory completion of twelve quarter hours of credit, including three quarter hours in education. Holders of such certificates applying for renewal must register not later than the fourth day of the quarter.

EXPENSES

There are no tuition charges to students who are residents of Tennessee; non-residents pay $30.00 per quarter, or $20.00 for a six-weeks' term. All students pay a registration fee of $5.00 and a student activity fee of $3.00 each quarter, and a breakage fee of $1.00 once a year. The total expenses for boarding students, including board, lodging, laundry and all school fees, are $83.00 for the Winter Quarter and the same amount for the Spring Quarter. Students in attendance for a term of six weeks will be charged proportionately for board, lodging, laundry. The other fees are the same for a six weeks' term or a quarter. Rooms are rented by the quarter, and no reduction will be made for late registration, or for absence of less than a month. Board is charged from the beginning of the term, and no reduction is allowed for late registration. Students absent from the dining hall for two weeks or more, on account of illness or withdrawal from school before the close of the term, will be entitled to a refund.

Registration and student activity fees are not refunded, and no other refund will be made except as indicated above.

LABORATORY FEES

The following fees are charged students pursuing courses in the several departments to cover materials used:

All courses in Biology, Drawing, Manual Training and Physics, $1.00 each per quarter.

All courses in Chemistry, $2.00 each per quarter.

Home Economics 100, 101, 102, 103, 300, 301, 302, 307 and 411, 50 cents each; 106, $1.00; 204, 304, 306, $2.50 each; 205, 206, $3.50 each.

Education 204, 50 cents; Education, 304, $1.00.

RESERVATIONS

It is very important that those who expect to attend the College should write to the President and have room reserved as soon as they definitely determine to attend. Arrangements will be made for all who come, but rooms will be reserved in the order in which applications are received. A deposit fee of $3.00 is required for reservation, which will be credited on the expenses for the term. New students desiring to room in the dormitory during the Spring Quarter should make early reservation.

WHAT THE STUDENTS FURNISH

Students rooming in the dormitories should bring the following articles: Towels, bed linen, blankets and a pillow. Students living in the dormitories will be required to keep their own rooms in order, and the matron will make daily inspection.

LATE REGISTRATION FEE

Students who have not completed registration by 3 p.m. on March 22 will be charged an extra fee of $1.00.

COURSES OFFERED IN THE SPRING QUARTER

Below is a list of the courses offered in the Spring Quarter. They are described in the general catalogue, a copy of which can be secured by application. New students may enter any such courses for which they are prepared.
